- Working width: 5cm.
- Number of adhesive grooves: 5.
- Adhesive groove height: 3-4 mm.

Packing

Tec7 Five-Way Nozzle - 2pcs

599433290

Product

Characteristics

- 5 cm wide adhesive layer
- Reduces moisture penetration to the support plate
- Avoids adhesive peaks in joints

Applications

- Bonding roof upstands with EPDM
- Stone strip bonding
- Full surface bonding with high tack

Use

- Mount the Five-Way Nozzle on the sleeve or sausage adapter.
- Position the nozzle on the 45° sliding surface.
- Apply the adhesive while pulling.

After use: Clean the Five-Way Nozzle with Tec7 Cleaner.
