- Number of adhesive grooves: 10.
- Adhesive groove height: 3-4 mm.

Packing

Tec7 Ten-Way nozzle - 2pcs

599432290

Product

Characteristics

- 10 cm wide adhesive layer
- Reduces moisture penetration to the support plate
- Avoids adhesive peaks in joints

Applications

- Stone strip bonding
- Full surface bonding with high tack

Use

- Mount the Ten-Way nozzle on the sleeve or sausage adapter.
- Position the nozzle on the 45° sliding surface.
- Apply the adhesive while pulling.

After use: Clean the Ten-Way nozzle with Tec7 Cleaner.
