Product

Characteristics

- Cleaner for descaling and removing rust deposits from all bathroom facilities with acid-resistant tiles.
- Safe to use and ideal for chromed or stainless steel taps and pipes.
- Recommended for the cleaning of plastics or stainless steel equipment that is often cleaned with alkaline products and frequently rinsed with water.
- Thanks to the foam, the product is active in the right place and will not sag.

Applications

- Cleansing and limescale removal in (industrial) kitchens, sanitary installations such as bath, shower, toilet and urinal, swimming pool, etc.
- Removal of rust spots, cement and limescale residues... on tiles, stainless steel, plastic, etc.

Use

- Apply with the foam trigger.
- Allow the product to act for 60 minutes at most, depending on amount of deposit.
- Rinse with clean water and repeat if necessary.

pH 1.2: do not use on wood, leather, textile and calcareous surfaces, such as marble, concrete, limestone, etc. Never mix with other cleaners.
